Description

HDMI signal extender via Cat6 cable, UTP (unshielded twisted pair).

Kit contains transmitter and receiver that can extend a HDMI connection to a maximum length of 60m (196ft) using UTP cat6 or better cable.

Also included are an infrared transmitter and receiver to extend the signal of remote controls via the same connection.

The kit supports resolutions of up to 1080p (full HD). The transmitter has a HDMI input and HDMI loop output, RJ45 jack, the receiver a RJ45 jack and HDMI output. A LED indicates successful link between sender and receiver.

Scope of Delivery

HDMI transmitter
HDMI receiver
IR extenders
Power adapters
Manual
